AFFICE

Rozwiązania akustyczne

Wieloletnie doświadczenie w produkcji spersonalizowanych rozwiązań dla powierzchni biurowych, zamiłowanie do świetnego wzornictwa oraz nieustanne dążenie do funkcjonalnej perfekcji zaowocowały powstaniem katalogu elementów akustycznych Affice.

Panele, sufity oraz przepierzenia na miarę naszych czasów - wykorzystujące ekologiczne, pochodzące także z recyklingu materiały.

Nasze produkty na nowo definiują pojęcie komfortu akustycznego w miejscu pracy.

Zaprojektowane oraz tworzone w Polsce.

A TESTY

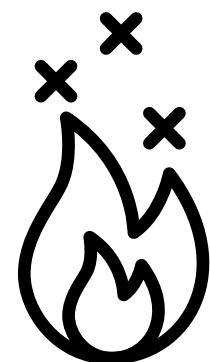

Właściwości materiału

W naszych produktach przywracamy do życia plastikowe butelki. Wykorzystujemy materiał o wyjątkowej strukturze i możliwości ab sorbowania dźwięku. Affice jest przyjemny dla oczu, uszu oraz środowiska.

Materiał bazowy Affice sklasyfikowano w zakresie reakcji na ogień wg PN-EN 13501-1, jako wyrób trudnopalny B-s1-d0. Materiał spełnia także standard Oeko-Tex.

KOLORY

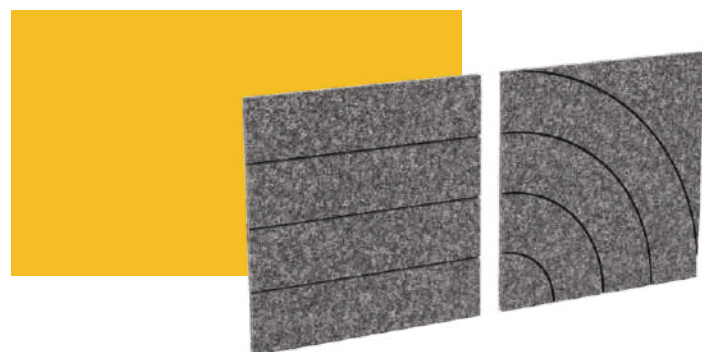

Właściwości materiału

Ze względu na różne parametry monitorów rekomendujemy korzystanie z fizycznych wzorników Affice. Ponieważ wykorzystujemy materiał pochodzący z recyklingu między poszczególnymi partiami mogą występować nieznaczne różnice kolorystyczne. Zalecamy składanie zamówień z jednej partii produkcyjnej. Oferujemy też możliwość personalizacji po przez nadruk dowolnej grafiki lub wybarwienie z wzornika RAL.
